

# HIV/AIDS Stigma Program

Visit the HIV/AIDS Stigma Resource Center at [www.nmac.org](http://www.nmac.org) and click on the dandelion logo!

The **HIV/AIDS Stigma Program**, funded by HRSA's HIV/AIDS Bureau, offers three individual trainings, targeted to Ryan White CARE Act funded organizations, that explore the stigma associated with HIV/AIDS in communities of color. The trainings focus on how stigma prevents people from seeking HIV testing, counseling, care and disclosing their sero-positive status. Innovative approaches, such as the use of evidenced-based practices, interactive activities, scientific research and data are all incorporated into this training curriculum.

## Trainings:

**HIV/AIDS Stigma and Access to Care** April 10-11, 2008 and June 19-20, 2008

**HIIV/AIDS Stigma and Access to Care: Women of Color** February 7-8, 2008

**Training-of-Trainers: HIV/AIDS Stigma and Access to Care** August 7-8, 2008

For applications and additional information, please contact HIV/AIDS Stigma Program Coordinator, Aida Gemechu at **(202) 483-6622 ext. 323** or [agemechu@nmac.org](mailto:agemechu@nmac.org).
